*"Therefore, every tree that does not bear good fruit will be cut down and thrown into the fire." MATTHEW 3:10*

Do you bear good fruit for Jesus? Do you spend time in prayer or do you waste it with mindless activity? Do you use your talent to help others or are you too busy? Do you use your treasure to support the Church or do you buy more things that go unused. Our time, talent and treasure are gifts from God. What we do with these gifts is our gift back to Him. What gifts are you planning to give to the Lord during this upcoming Christmas season?

## PASTOR'S CORNER

### Motivation: The Final Key is Connectedness

The final key of motivation along with autonomy and competence is *connectedness*. Simply put, in order to do great things, you have to see that you are part of something bigger, way, way bigger

than yourself. Without it, our actions, our deeds, our lives, seems small, inconsequential and ultimately unimportant.

I was at Borgia High School for 30 years. The reason I stayed there so long, is that there was something special there, something there that you don't always find in an educational institution. I remember three painful times of tragedy where people just spontaneously gathered to be with one another and support each other. It was truly amazing and life giving. You wanted to be part of that community because there was strength and goodness there. Oh, we had our faults. And I am sure other schools have similar experiences. But the breath and the depth and the height and the power of the family we surrounded ourselves with was unmistakable. In my three years here at Holy, I have felt a similar connection. It is the feeling that we are part of a bigger story.

The simple truth of classroom teaching is that there are things one can do that can make a student feel like they belong, they belong to the community of the curious, a community that will excite and inspire them to dig deeper, work harder, strive more fully. There are things that one can actively do that create that Educational Family. A parish has that same dynamic. We can create a welcoming environment for others and that will make them want to participate and get involved. It can make all the difference in the world. This upcoming year, even with all the craziness surrounding the new strategic plan, this trait will become particularly vital. Parishes HAVE TO become more open, inviting and engaging. Likewise, there are things one can do in the classroom or in a parish that can alienate, isolate and disaffect others. We create the exact opposite environment of what motivates. There are things we can do that can shatter community.

One of the upsides of All Things New is that we are all going through this together. There were two listening sessions *in every parish in the Archdiocese*, including those without a resident pastor. Even parishes that are technically "safe" (whatever that means) under-

stand that, come May, it cannot just be business as usual. As I have preached many times, our attitude towards all of this has to be positive and forward thinking or we are doing it the wrong way. I am not saying that we need to wear rose colored glasses through this process, not at all. But negativity is a cancer that will chew up and spit out our spirit.

Thus, we need to hold on to the truth that we are connected to one another. Knowing the good work you do inspires me to give my best as pastor. I hope I do the same for you. In my three plus years at Holy, I have discovered that our parishioners and staff are all so talented, so generous, so clever. Never ever forget that. It can make the difference between life and death.

One last story. I have many students who have become incredibly successful: doctors, lawyers, business people, teachers. I would like to think that I had a small part to play in their success. There is one person who told me that I saved their life. I wish I could say I did something spectacular. I wish I could say that I imparted deep words of wisdom. I wish I could say that I taught this person some profound thought. But the truth is, all I did, was stop this individual in the hallway and ask how their day was going. At the time, it seemed like her response was normal: *it's OK, Rev Kev*. I later found out that the act of simply stopping this individual in the hall and expressing a modicum of concern about their life, was exactly what was needed at exactly the right time. What I found out later is that, this individual had been in the throes of deep depression and was ready, that very day, to end her life. Melodramatic. Yep. But all it took was an unpretentious greeting, a simple connection to change a life. The magic of community is that all it takes is a simple "hello" to let another human being realize that they, against all odds, still belong.

They are family. We are connected in Christ.

*Father Kevin*

## 2023 Holy Redeemer ACTS Retreat Overview:

An ACTS retreat is a three day and three night Christian lay retreat presented by fellow Holy Redeemer parishioners and members of our surrounding Christian faith. This is a 3-day retreat beginning Thursday evening at Holy Redeemer parish and ending at 11am mass back at the parish. Talks and activities during the retreat focus on Adoration, Community, Theology and Service, from which the ACTS program acronym is derived. Holy Scripture and the teachings of the Christian Faith are the guides for the retreats. The retreat facilitates the attainment of a new or deeper relationship with the Lord through:

**Adoration** – the call by, acceptance of, and response to God,  
**Community** – the love and caring of each other,  
**Theology** – the study of God through scripture and Faith  
**Service** – to God and his people.

An ACTS weekend is designed to help the retreatants enter into a new or deeper relationship with our Lord and fellow men of faith. This is accomplished through Adoration and daily prayer, the call to Community in one's parish as a member of the Body of Christ, and Theology in encouraging the study of scripture and our Christian Faith. All of these which emphasize and encourage the virtue of Service to our Lord, our parish/community and one another.

**Location** - La Salle Retreat Center, 2101 Rue De La Salle Dr, Wildwood, MO 63038

**Date** - Thursday evening, January 12th - Sunday morning, January 15th, 2023

We would like to welcome you to our next retreat and hope you are willing to go on this faith-building journey with us! ## Approaching health care differently in St. Jean du Sud

For years, the HR Haiti Committee sponsored an annual medical mission to our twinned parish in St. Jean du Sud to address gaps in the Haitian health care system. Because of the worsening security in Haiti, these missions became increasingly difficult to carry out: our last successful medical mission was in 2018. In 2019, a new health clinic opened in the nearby village of Petit Riviere, supported by the U.S.-based Christian organization Mission-Haiti. This "LSF" clinic is well-funded and operates with a staff of Haitian doctors and nurses. We reached out to Mission-Haiti in 2019 and discussed a collaboration model in which the HR Haiti Mission subsidized the health care of people in the St. Jean community, regardless of whether they were Catholic. Those covered by the plan must receive a ticket from the St. Jean rectory and present it at the LSF clinic for patient registration. For 100 gourdes (~85 cents), registered patients receive a medical consult, medicines, and lab tests if needed. Our projected FY2023 cost for this year-round subsidy is \$2000-3000, but could be as high as \$5,000-6000, depending on participation in the program. For comparison, the annual medical missions cost over \$20,000. Despite the pandemic and ongoing socio-political unrest in Haiti, the LSF clinic has managed to operate for most of the past 3 1/2 years. This collaboration is just another example of how we try to leverage existing resources in Haiti for the benefit of our twinned parish.
